Report on
Awareness Program on NLP

A Guest Lecture program was organized by the Department of Computer Applications to provide Innovative ideas on new technologies for MCA students on 12th December, 2018 at MITS campus. Dr. Vijayalakshmi, International Relations and Dr. V. L. Pavani, HoD/MCA Presided over the programme. The resource person was **Dr. Sreeganesh Thottempudi**, **Research Scientist**, **University Of Heidelberg, Germany**. He has delivered valuable suggestions to the students regarding Interdisciplinary research. He has given real time examples on Machine Learning, Neural Networks, Natural Language Processing, Deep Learning and how they are interrelated & implemented in industry as well as research institutes.

Chief Guest has motivated the students to do interdisciplinary research for societal betterment and he raised lot of open research issues on Deep Learning which have more social impact with the help of Natural Language Processing. He also added some points on implementation of Machine Learning to the student and research community.

Students have interacted and actively participated throughout the session. They asked questions to improve their innovative ideas related to interdisciplinary research on NLP.

Participants: 180 Students (I MCA(2Y) A& B, I MCA(3Y))

Duration : 2PM - 4PM

Venue : MCA/MBA Seminar Hall
