Report on

Guest Lecture “Career Planning” on 24-07-2014

Organized by Department of Computer Science & Engineering

Submitted by: Mr.Y.C.A. Padmanabha Reddy Assistant Professor, Department of Computer Science & Engineering, MITS.

CSE Department organized a Guest Lecture on Career planning to the pre final Year students of CSE & IT by Alumni of MITS 2007 passed out student Kareemulla Nasyam . The main purpose to conduct this program is to motivate & to build confidence among students regarding their career opportunities. Kareem given excellent lecture on placements like how the companies are hiring the freshers, how to get prepared to attend interviews, what are the books to refer, What's the questions the student can expect during interviews, finally he spoke about how to build up their career after awarding B.Tech degree. Majorly he discussed the area of student interest (if student interested in C he suggested to go for pearl certification, he told the importance of CISCO certification during interview, java certification)lot many things discussed regarding searching of suitable jobs. Also given many examples what are the different companies (TCS, WIPRO, IBM, HCL, etc...) are hiring & how to face them during interviews. After completion of the session students got a very good idea to judge themselves (Where he /she stands in the industry), & also they came out with the blind belief that not only C and Java can fetch a job easily, there are many fields, A subject which has lots of opportunities in the market. Overall the students given good feedback.
